- You do not need to precertify your delivery; see Section 3 for other circumstances, such as extended stays for you or your newborn.
- You may remain in the hospital up to 48 hours after a vaginal delivery and 96 hours after a cesarean delivery. We will cover an extended stay if medically necessary.
- We cover routine nursery care of the newborn when performed during the covered portion of the mother's maternity stay and billed by the facility. We cover other care of a newborn who requires professional services or non-routine treatment, only if we cover the newborn under a Self Plus One or Self and Family enrollment. Surgical benefits apply to circumcision if billed by a professional provider for a male newborn.
- When a newborn requires definitive treatment during or after the mother's confinement, the newborn is considered a patient in his or her own right. Regular medical or surgical benefits apply rather than maternity benefits.
- See Section 5(b) for our payment levels for circumcision.
